

9th-10th of MAY 2022, WARSAW
Hybrid form

V INTERNATIONAL SCIENTIFIC CONFERENCE „Economic Sciences for Agribusiness and Rural Economy”

held under the theme:

European Green Deal: challenges for the agribusiness sector and rural areas

The integral part of the conference are:

**Discussion Panel of Experts organized under the auspices
of embassies of France, Germany and the Netherlands**
(held stationary at SGGW with the possibility of online participation)

and

Workshop for Young Scientists (held online)

Conference aims

International Scientific Conference "Economic Sciences for Agribusiness and Rural Economy" is organised for the fifth time to create a platform for exchanging the scientific community and practitioners' views, both from Poland and abroad. The research interests focus on the contemporary needs of the economy. The main theme of this year's conference is "European Green Deal: challenges for the agribusiness sector and rural areas" that will be approached from the perspectives of both implementation feasibility and impact of the conflict in Ukraine.

Conference topics

- ◆ Climate change and its determinants
- ◆ Circular economy
- ◆ Agriculture and biodiversity
- ◆ Challenges for the agri-food sector
- ◆ Environmental efficiency in agri-food sector and in rural areas
- ◆ Energy management in rural areas
- ◆ Changes in land use
- ◆ Sustainable supply chains
- ◆ Financing the European Green Deal
- ◆ Eco-schemes and other instruments of "green architecture"
- ◆ The impact of the conflict in Ukraine on implementing the European Green Deal's goals

Conference proceedings

Papers (written in English) that pass the review procedure will be published in the V ESARE conference proceedings. Recommended volume of the paper should not exceed 10 pages. The editorial requirements are available on the conference website.

The publication will be released after the conference in electronic version.

Conference Proceedings will be sent to the CONFERENCE PROCEEDINGS CITATION INDEX – SOCIAL SCIENCE & HUMANITIES (Clarivate Analytics former THOMSON REUTERS ISI INDEX) accessible in the Web of Science database.

REGISTRATION: esare.conference.ieif.sggw.pl

Conference participants presenting papers during sessions will receive a certificate.
