The integral part of the conference is
**Workshop for Young Scientists
and Session of AgriMBA Network**

Conference aims

The Institute of Economics and Finance of the Warsaw University of Life Sciences - SGGW organises the next edition of the International Scientific Conference entitled "Economic Sciences for Agribusiness and Rural Economy". For the seven time, the conference is going to create a platform for exchanging views of the scientific community with practitioners, both from Poland and abroad, whose research interests focus on the contemporary needs of the economy. For the fourth time, the conference partners are the embassies of France, Germany and Embassy of the Kingdom of the Netherlands. The theme of the 7th edition of the conference is "**Policy challenges towards the agri-food sector and rural areas**".

Conference topics

- ◆ Agriculture and food economy in the face of climate and environmental change.
- ◆ Human and social capital for agribusiness and rural development.
- ◆ Consequences of the war in Ukraine and processes of international integration.
- ◆ The SMART concept and agriculture 4.0 in sustainable development.
- ◆ Financing models for green transformation in the agri-food sector and rural areas.
- ◆ Role of creative and digital learning in green transition of agribusiness (AgriMBA session).
